

Executive Profile

Mark Zecca
Senior Director, Information Technology

Mark Zecca is the senior director of information technology for Mitchell 1. Zecca oversees Mitchell 1's commercial software development, database services, networks, quality testing and systems engineering areas. He is also responsible for the company's strategic technology planning and corporate project management. Zecca is currently working on increasing the customer data store and creating a more robust set of Application Service Programs (ASP) for Mitchell 1 customers.

Zecca began his career with Mitchell 1 in 2004. In his career, he has held chief information officer and director positions with companies such as American Airlines, AT&T-Bell Atlantic, Peoplesoft, and BFGoodrich. Zecca is also an active drilling Coast Guard reservist holding the rank of naval captain.

Zecca graduated from the University of San Diego with a bachelor's degree in communications engineering, obtained a master's degree in computer science from Virginia Institute of Technology, a master's degree in business administration from LeTourneau University of Texas and a master's degree in strategy and planning from the Naval War College. Zecca is currently a Ph.D. candidate in information technology management at Capella University.
